

PANISORB*

(The Best water Adsorbent)

INTRODUCTION:

NARSIPUR is a renowned ISO 9001:2015 certified company engaged in the manufacturing and sale of a wide range of cleaning, sanitation, and disinfectant chemicals and formulations. There are several challenges of Bio-security that Poultry Farming encounters and one of them is managing wet litter. NARSIPUR Chemicals, a leading name in Poultry Bio-Security range of products manufacturer and supplier, offers a unique water adsorbent, **PANISORB** to tackle the issue of wet litter.

ACTIVE INGREDIENTS:

A microporous Synthetic Amorphous crystalline SiO₂

MODE OF ACTION:

It adsorbs water by physical means, not a chemical reaction. The beauty of PANISORB is the physical adsorption of water vapour into its internal pores.

UNIQUE ADVANTAGES:

- Does not get wet as it traps water molecules inside its pores
- It does not swell or change shape
- Ready to use and highly cost effective
- Adsorbs up to 40% of its own weight in moisture
- Immediate acting
- Proven efficacy
- Reduced medication costs
- Better litter management
- Helps control mold growth in litter
- Safe, stable, no side effects, indefinite shelf life if stored in airtight conditions
- Can be regenerated and reused by simple sun drying
- Very inert
- Non-toxic and non-flammable
- There is no chemical reaction, no by products or side effects.
- Has unique property of adsorbing water

DIRECTIONS FOR USE:

APPLICATION	DOSAGE
-------------	--------
